

Most Quoted Experts

Michael Arntfield
English and Writing Studies

A leading voice on crime-related news stories, Arntfield was quoted in national and international media in areas such as unsolved crimes and the Nova Scotia mass shooting report.

Kate Choi
Sociology

Choi provided expertise to the media on the median age of giving birth in the U.S., multigenerational living, and affordable housing, among other topics.

Cristine de Clercy
Political Science

Canadian politics at large and the Ontario provincial election were areas in which de Clercy was a frequent analyst.

Dr. Sameer Elsayed
Schulich Medicine & Dentistry

Elsayed's insight on monkeypox, COVID-19 and vaccines garnered a large number of media appearances.

Sarah Gallagher
Physics and Astronomy

When the first images from the James Webb telescope were released, Gallagher provided expert insight into what we were seeing for the first time.

Cody Groat
History and Indigenous Studies

Groat provided expert commentary on a number of topics including the papal visit and subsequent apology to Canada's Indigenous people.

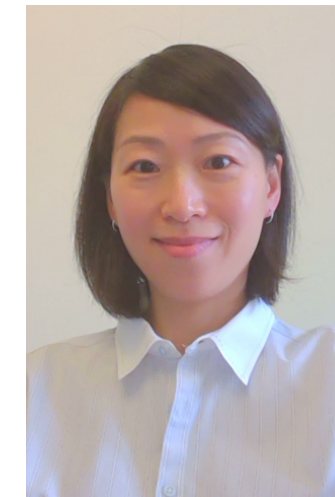

Laura Misener
Kinesiology

The Hockey Canada hearings, abuse in gymnastics and abuse in Canadian sport were just a few of the topics Misener commented on in the media.

Mike Moffatt
Ivey

Moffatt gave analysis on housing prices, voter turnout, inflation, populations moving out of Ontario and the federal budget.

Diana Mok
DAN Management and Organizational Studies

As inflation affected the housing market, Mok discussed housing costs, real estate economics and the foreign homebuyers ban.

Joshua Pearce
Engineering and Ivey

Pearce provided regular expertise in the area of green energy, especially with reference to solar panels, agrivoltaics and installing panels over parking lots.

MacIntosh Ross
Kinesiology

Ross was a leader in a call for an independent inquiry into abuse in Canadian sport and also provided comments on the Hockey Canada hearings.

Maxwell Smith
Health Studies

A medical ethicist, Smith was in the media frequently on the topics of public health measures and COVID-19 restrictions.

Prachi Srivastava
Education

With her expertise on the pandemic's impact on education, Srivastava provided comments to media on the emergency education recovery plan.

Luke Stark
FIMS

Stark made several national appearances to discuss ethics around AI and new technologies like ChatGPT.

Laura Stephenson
Political Science

Stephenson was a regular contributor to national and regional media on topics related to Canadian politics including the Ontario election and budgets.
